Assessing the State of the Practice for Domain X

Introductory Meeting

Dr. Spencer Smith, Dr. Jacques Carette,
Olu Owojaiye, Peter Michalski, Ao Dong

Faculty of Engineering, McMaster University

January 16, 2021

Interactions with Domain Experts

- Introductory Meeting
- Measuring
- Concluding Meeting

About this Meeting

- Introductory Meeting
  - ▶ Overall Objective
  - ▶ Research Proposal
  - ▶ Research Questions
  - ▶ Vetting the List of Candidate Software
  - ▶ Publication
  - ▶ Schedule & Team
  - ▶ Introducing the Next Steps
- Measuring
- Concluding Meeting

Overall Objective

"What is needed to produce {software + artifacts} sustainably?"

Objectives And Research Questions

- Definitions
  - ▶ software
  - ▶ artifacts
  - ▶ {software + artifacts} - softifacts
  - ▶ sustainable softifacts
- What softifacts, in addition to the code, are needed?
- What software engineering principles, processes and methodologies should be employed?

Research Proposal

Research Proposal

Research Questions

Objectives And Research Questions

- To investigate
  - ▶ knowledge
  - ▶ principles, processes and methodologies
  - ▶ software qualities
  - ▶ the necessary investment of time and energy
- What are the "pain points" for developers working on SCS projects?
- What aspects of the existing processes, methodologies and tools do they consider could potentially be improved?

Vetting the List of Candidate Software

Medical Imaging Software List

Task:

- What do you think of the list of the selected software?
- Is there any software you would like to remove from or add to the list?

Publication

- Where should we publish this paper?
- Who are our targeted readers?

Schedule & Team

- Project timeline
- Schedule for concluding meeting
- ... extra members from your team, each working ... hours per week for ... weeks.
- Any other experts?

Introducing the Next Steps

- Introductory Meeting
- Measuring
  - ▶ Vetting the Domain Analysis
  - ▶ Measurement Template
  - ▶ Survey for Short List Projects
  - ▶ Usability Tests
  - ▶ Modifiability Experiment
- Concluding Meeting
  - ▶ First AHP Ranking
  - ▶ Final AHP Ranking
